

Playing Golf?

- Or considering trying it?

In Denmark, golf is the second largest sport on national level. Only football has more players. People at all ages and at all social levels play golf in Denmark.

If you and maybe your family would like to try golf, we think it is a perfect way to enjoy a healthy sport and pastime, and at the time to meet a social or even a business network.

Hørsholm Golf is the largest semi private golf club in the Greater Copenhagen Area, and we have a vast experience with welcoming international guests and members, and we would be happy to see you as well.

So, if you already are a golfer, and want to continue playing here in Denmark, or if you want to try golf for the first time, you and your family are very welcome at Hørsholm Golf.

As a courtesy to foreign nationals coming to Denmark to work we offer a possibility of joining our golf club on special terms.

If you want to try golf and maybe have an introduction period to our club, we can make you a special arrangement, which gives you and your family a good taste of everything we have to offer.

Hørsholm Golf is conveniently located only 20 min. drive North of Copenhagen City Centre, just off the main motorway between Copenhagen and Helsingør.

We have a beautiful 27 hole course, a 9 hole par 3 course, an excellent restaurant and a large floodlit driving range open year round.

Our golf club has more than 1.600 members, and we offer a wide variety of memberships for young and for old.

Our staff is English speaking, and will gladly help you with any questions you might have, and should you want to visit us for a presentation of our facilities, please contact our reception beforehand.
